

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 770141.

TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

WP 2

Bridging the planning-implementation gap in eco- and smart cities

Consortium Meeting
16.07.2020

**Hans-Martin Neumann, Jianming Cai, Daiva Walangitang,
Susanne Meyer, Christoph Brodник, Gudrun Haindlmeier**

Status of WP2

- D2.3 is in the process will be submitted to EC by the end of September
- Current Status:
- The drafting the report on validated tools and mechanisms is ongoing
 - Overview table which case study cities (European and Chinese Cities) already use the tools and mechanism is ongoing
 - Online-Meeting with CAS on 23.07 to coordinate and discuss next steps
 - Ongoing coordination with ISINNOVA regarding integration of content from T2.3
- Revision of the book chapter is ongoing
 - Final version until 31.07.2020
 - D2.4 will be submitted as planned

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 770141.

TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

D 2.3 Tools and Mechanism Overview

Table shows which case study cities already use the tools and mechanism

SET OF PRACTICAL TOOLS AND MECHANISMS AND RELATED GOOD PRACTICE EXAMPLES										
Case study	practical tools and mechanism									
City	Multi-party dialogue and decision making	Aligned funding structure and financing mechanism	Setting up a funding support plan	Multi-level government cooperation and alignment	setting the priorities for the implementation	Involvement and consensus building among interest groups and citizens	Involvement of neighbourhood associations in the implementation and negotiation process	Co - creative shaping of community and community spaces	Performative planning and implementation	Coordinated thematic working groups

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 770141.
