TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

WP5 in June-July 2020

- Implemented the 1st ULL Stakeholder Workshop with Wuhan stakeholders, for WP4
- Updated D5.3 according to internal review, and sent it to TUD
- UN Habitat (China) Digital summer school
- WP5 book chapter revision (*Towards Socially Integrative Cities Perspectives on Urban Sustainability in Europe and China*)
- Reference cities and dissemination and brokerage with stakeholders

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 770141.

TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

EU-China ULL Stakeholder Workshops per TRANS-URBAN WP

EU-China ULL Stakeholder Workshops (webinars)

- Community building and placemaking in neighbourhoods (WP1) – Prato
- Bridging the planning-implementation gap in eco and smart cities (WP2)
- Land use planning and land management (WP3)
- ✓ Integrated transition pathways towards sustainable urban planning and governance (WP4)

NTNU, EUR & ISCI will co-organize the webinars (contribution of CCUD as Task Co-Lead?):

- Record presentations and upload on the CoC
- Interviews with participants re. their reflections on what they saw and heard
- Uploading background material
- Suggestions for the future
- Opportunities for future projects
- Recommendations for more reading
- Short videos with reactions to presentations
- + Input to T5.1 deliverables

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 770141.

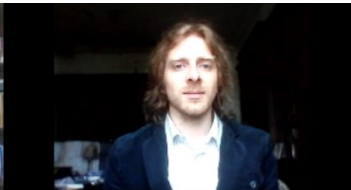

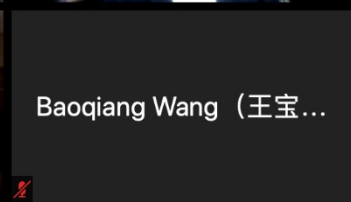

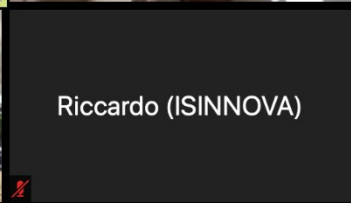

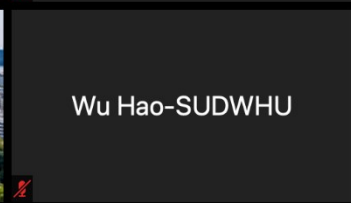

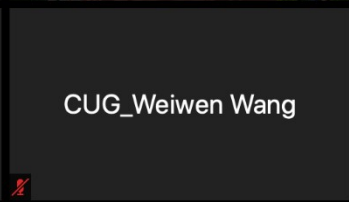

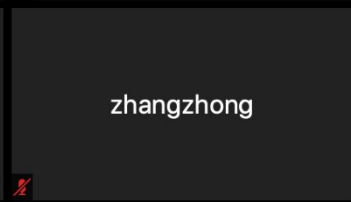

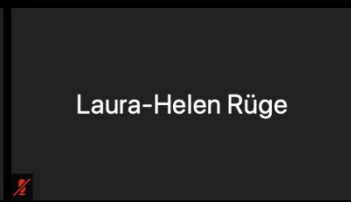

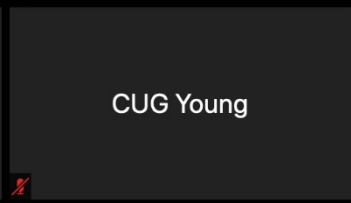

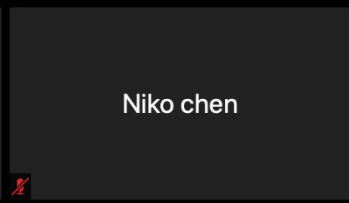

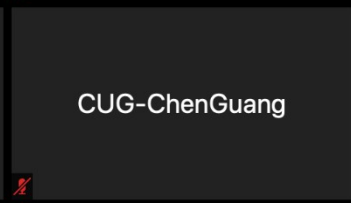

TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

EU-China ULL Stakeholder Workshop for WP4, with Wuhan stakeholders (Friday 3 July 2020, Zoom)

“Integrated transition pathways towards sustainable urban planning and governance”

TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

EU-China ULL Stakeholder Workshop for WP4, with Wuhan stakeholders (Friday 3 July 2020, Zoom)

- Recording available at <https://youtu.be/pftBQmdQQng>
- Around 30 participants, including PO and PC
- Presentations were sent in advance to the stakeholders, along with some questions – allowing them to prepare comments on beforehand

For the next workshops:

- Zoom Registration Form including preparatory questions
- Interact with European & Chinese Reference Cities on beforehand to check which questions / comments they would like to see addressed
- Interact with Chinese stakeholders on beforehand by WeChat, and prepare them for giving their contributions during the workshop

Exploitation of gained knowledge:

- Develop model and guidelines for online ULL activities in D5.3 – 5.5 – 5.6
- Communicate this at the Policy Round Table in Brussels in February 2021

The material reflects only the authors' views. The European Union is not liable for any use that may be made of the information contained therein.

TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

Publications

Book Chapter

- Updating WP5 book chapter according to internal review comments

Contribution to Online Compendium

- Summaries of D 5.2 – 5.3 – 5.5 – 5.6
- Digital ULL Stakeholder Workshops

Scientific Articles

- Combining bottom-up and top-down approaches to create successful ULLs in China and Europe (including analysis of what is “successful” in Europe and China)
- Combining digital, physical and other social instruments to create meaningful stakeholder interactions in ULLs

The material reflects only the authors' views. The European Union is not liable for any use that may be made of the information contained therein.

TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

Digital Summer School

Original plans below

- August 20202, 2 weeks
- Hosted by UN-Habitat China and Xi'an

NTNU and ISCI sent a suggested scope and contribution to UN Habitat:

- Use the summer school to test digital education & community building approaches
- Organise student/expert workshops on socially integrative cities, integrating digital, physical and social responses
- Test TRANS-URBAN WP results on students, teachers and local stakeholders
- Supported by the CoC

No programme or other updates since early June, unfortunately
