TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

Consortium Web Meeting Task 4.1 and Task 4.2 ISINNOVA

Task 4.1 Web-storylines frame

we plan to use storytelling as online and interactive communication tool that can facilitate the cross-reading of the WP1-WP4 results by:

1. **Identify 8-10 key trends that shape the current dominant “regime” in European and Chinese cities (2 for each of the 5 aspects of the socially integrative cities identified in D6 .6); - July 2020**
2. **Collect and illustrate 8-10 inspiring stories of “seeds of changes/Niche” – innovative, niche practices – able to capture the emergence of new forms of urban governance promoting, inclusive innovation (1/2 for each of the 5 aspects of socially integrative cities); August- September 2020 to be coordinated with the compendium work**
3. **Categorize the different possible innovations by type of changes (e.g rapid vs gradual – deliberate vs reactive) September – October 2020**
4. **Illustrate through an interactive map the interplay of trends and seeds of changes on different aspects – as identified by D6.6- socially integrative cities; September – October 2020**
5. **Highlight possible common “bifurcation points” between EU- China cities as well as windows of learning opportunities; September – October 2020**
6. **Streamline WP1-WP4 main insights and recommendations September – October 2020**
