### Agenda

#### 1. Welcome and Introduction

#### 2. Minutes of last meeting

- The minutes of the 29<sup>th</sup> Project Consortium Meeting were reviewed. They are approved by all partners.
- The minutes are available in the Login section of the project website now.

#### 3. Report on the state of the work (according to Work Packages; see the respective ppt-slides)

- WP6 informs that 13 articles have been submitted to the publishers of D.6.8 Book. Authors are asked to finish them fast after receiving the review reports.

Project/EAB meeting and Final Conference, planned in Nov.5 and 6, have to be conducted online. CAUPD, in cooperation with other Chinese partners, are responsible for the organisation. Details still have to be discussed (e.g. timing, technical expertise, and speakers). It is recommended that CAUPD gets in contact with UN-Habitat and other experienced institutions (e.g. wide coverage, translation). We should also scrutinize whether a service provider will be necessary to guarantee smooth operation. Suggestions by partners, e.g. regarding organisation and programme, are welcome (deadline: end of September 2020).

Partners are asked to search for possibilities to provide publications, e.g. books, research articles, as open access publications online (according to requirements of the European Commission) as much as possible.

- WP1 is in the process of finalizing the text and visual stories for tools for the Comprehensive Atlas (D 1.2) and has finalized the development of a set of tools for the online compendium. Additionally, members are working on D 1.3 (Recommendations).

# TRANS-URBAN-EU-CHINA

- WP2 informs that D.2.3 is in process and will be submitted by the end of September 2020. Tools and mechanism were validated during the online conducted on August 26. D 2.4 will be submitted as planned. Task 2.3 presented the methodology for supporting integrative planning for replication and upscaling.
- WP3 is finalizing the contributions for the Compendium. Additionally partners are preparing two online seminars (urban renewal and land management + urban expansion and land management) for week 42 and. General topics to be addressed in the policy brief are presented.
- WP4 (Task 4.1) is working on the development of storytelling as an online and interactive communication tool that facilitate the cross-reading of WP1-WP4 results (see details in .ppt. The contribution of CIUC (Task 4.3) was officially completed with the submission of D4.3. ISCI is working on publications and on promoting the CoC platform.
- WP5 is planning three online seminars between WP1 and WP3 project partners and stakeholders at ULLs. D5.5 is on progress based on existing work done and future activities with and in ULLs. The ULL “Effective Tool for Socially Inclusive City Transformation in Nordic and China” (as part of the Nordic Edge China Session) will take place on Sep 24. Additionally, team members are working on the preparation of D5.4.

For more details, please see the PPT presentations uploaded online (<http://transurbaneuchina.eu/>).
