TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

Consortium Web Meeting Task 4.1 and Task 4.2 ISINNOVA

Task 4.1 Web-storylines frame

we plan to use storytelling as online and interactive communication tool that can facilitate the cross-reading of the WP1-WP4 results by:

1. **Identify 8-10 key trends that shape the current dominant “regime” in European and Chinese cities (2 for each of the 5 aspects of the socially integrative cities identified in D6 .6); - July 2020**
2. Collect and illustrate **8-10 inspiring stories of “seeds of changes/Niche”** – innovative, niche practices – able to capture the emergence of new forms of urban governance promoting, inclusive innovation (1/2 for each of the 5 aspects of socially integrative cities); **August- September 2020 to be coordinated with the compendium work**
3. **Categorize the different possible innovations** by type of changes (e.g rapid vs gradual – deliberate vs reactive) **September – October 2020**
4. Illustrate through an **interactive map the interplay of trends and seeds of changes** on different aspects – as identified by D6.6- socially integrative cities; **September – October 2020**
5. Highlight possible **common “bifurcation points” between EU- China cities** as well as **windows of learning opportunities**; **September – October 2020**
6. Streamline WP1-WP4 main insights and recommendations **September – October 2020**

Last 4.2 activity:

Review of the article for TRANS URBAN book.

Title: Social Cost Benefit Analysis – supporting urban planning and governance for enhancing social integration

Approved

As requested, we have indicated two reviewers:

- Stefan Suter, at ECOPLAN (Switzerland)
- Arno Schroten, at CE Delft (The Netherlands)

TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

Consortium Web Meeting

Task 4.3

CIUC and ISCI

同濟大學
TONGJI UNIVERSITY

Israel Smart Cities Institute

This project has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 770141.

TRANS-URBAN-EU-CHINA

Transition towards urban sustainability through socially integrative cities in the EU and in China

Last CIUC activities:

CIUC completed all deliverables

CIUC contributed to the Exploitation Deliverable

What's next?

Still pending:

- 1. Waiting for the book chapter comments by reviewers**
- 2. Perform book chapter revisions**

Last ISCI activities:

1. Submitted the compendium
2. Finish a new article for Geography Research Forum
3. Interview with Prof. Lingbo Liu for the CoC
4. Sent input for D5.4

Israel Smart Cities Institute

What's next?

ISCI:

- 1. Promoting the CoC platform: “share your success story”, “Book of the month”, “Expert of the month”. Please let us know if you like to participate**
- 1. Perform book chapter revisions**

Israel Smart Cities Institute
